FUX Zrt. LABORATORY QUALITY AND IMPARTIALITY POLICY STATEMENT

The task of the FUX Zrt. Laboratory is to perform material analysis on cables, stranded conductors, single wires of stranded conductors, covered conductors and railway cables (contact wires, catenary cables).

The FUX Zrt. Laboratory performs its tasks in adherence to the principles of impartiality, independence and professionalism.

The leadership of the FUX Zrt. Laboratory is dedicated towards the operation and continuous improvement of its MSZ EN ISO/IEC 17025:2018 (ISO/IEC 17025:2017) standard compliant quality management system, thereby promoting trust towards the operation of the laboratory and declares its commitment towards the high-quality fulfilment of customer needs and expectations in this quality and impartiality policy statement.

The leadership of the FUX Zrt. Laboratory primarily focuses on performing highly professional, objective testing, along with its documentation and verification.

The leadership of the FUX Zrt. Laboratory ensures the development of the laboratory control system and that the quality and impartiality policy is understood and realized on every level of the laboratory through the training and motivation of its staff. The leadership is also committed to provide all possible resources for the operation of the laboratory control system, including personal, material and environmental conditions as well as the appropriate suitability of testing equipment.

The leadership of the FUX Zrt. Laboratory and all of its staff hereby declares its complete independence from all suppliers and manufacturers and that no activity is performed that would jeopardize the trust towards the impartiality of the laboratory.

The impartiality of the laboratory is not jeopardized by personal interests. We are aware of the significance of impartiality, non-discrimination and transparency, manage any conflicts of interests and guarantee objectivity towards the full scope of our activities. In order to achieve this, our tasks are performed with outstanding professional accuracy, paying careful attention not only to the analyses but also the verification of the completeness of our services.

In order to ensure impartiality, all potential risks are identified, and if any occurs, it is eliminated or minimized.

The leadership of the FUX Zrt. Laboratory requires all of its employees to report all events or situations to the leadership which may jeopardize impartiality or present a conflict of interest.

The FUX Zrt. ensures the satisfaction of its customers and stakeholders and maintains their trust through its laboratory services.

The entire staff of the Laboratory hereby declares their compliance to the present quality and impartiality policy statement as well as the maintenance and continuous improvement of the MSZ EN ISO/IEC 17025:2018 (ISO/IEC 17025:2017) standard compliant quality assurance system.

The FUX Zrt. Laboratory hereby declares its compliance to the MSZ EN ISO/IEC 17025:2018 (ISO/IEC 17025:2017) standard and the relevant accreditation and legal requirements.

Miskolc, 20 January 2025
